75 200	3M	MMM31148X100	ROLLS BOXSEALNG TAPE 48X100	Scotch Box-sealing Tape 311 is a polypropylene, box-sealing tape with an acrylic adhesive and strong backing. Aggressive adhesive provides a secure and durable closure. This box-sealing tape can be custom-printed to provide security and/or branding. Carton-sealing design provides high-quality, consistent performance with easy unwind. Tape is recommended for use in general industrial, food, beverage, medical pharmaceutical, paper, print, electronics and distribution centers.	CT	\$116.19
75 200	3M	MMM31172X100CL	TAPE, SEALING,BOX,PRFRMNC	Scotch Box Sealing Tape 311 securely closes a wide variety of lighter weight box materials, including recycled fiberboard. Specially developed polypropylene backing is easy to handle and maintain its performance and appearance better than most products when exposed to fluorescent and UV light. The backing easily conforms around edges and on rough surfaces for a tight seal. This tape works well on boxes weighing up to 70 lb. It keeps sticking even with wide temperature swings. Tests on the adhesion capabilities of this tape in wide temperature swings and moist environments proved it is suitable for colder and damper applications with easy handling and smooth dispensing. Medium-duty sealing tape with 3" core is designed to securely close regular slotted containers (RSC) and packages used for moving, shipping and distribution. The tape's durability and high hold work especially well on challenging recycled corrugate and fiberboard. Apply with portable handheld or stationary dispenser.	CT	\$193.50
75 200	3M	MMM3121201	EARPLUG,DISPOSABLE,EARCLAS S	E-A-R Classic uncorded earplugs offer a reliable choice in hearing protection and conservation. Slow-recovery, low-pressure foam conforms to the shape of the ear canal to help create a comfortable, snug, noise barrier. These disposable earplugs are flame-resistant and uniquely moisture-resistant. Poly bag keeps PVC earplugs clean before use. Noise Reduction Rating (NRR) is 29 decibels. CSA Class AL. Earplugs are test-compatible with 3M E-A-Rfit Validation System.	BX	\$32.82

75 85	Amrep, Inc	TMS1047274	DISPENSER,AIR,ACTIVE,O2	Harnessing the power of pure oxygen, O2 Active Air Dispenser by TimeMist delivers continuous, consistent ambient fragrance. It provides a low VOC option and is an excellent alternative to more traditional technologies. Dispenser even works well in humid or arid conditions. Two-sided oxygen generator takes ambient air from one side and transforms it to pure oxygen on the other side. Resulting oxygen is channeled into the refill where it consistently squeezes pure fragrance oil out onto its unique cellular diffuser. High-quality fragrance is then carried throughout the room by natural airflow for a full 60 days. Refill provides odor-neutralizing agents that eliminate malodors and leave a fresh scent in the air. Vented sides allow effective fragrance dispersal. Recyclable refills are CARB and IFRA compliant and have no added VOCs or solvents. Visual light indicators provide refill and battery replacement reminders. Dispenser runs on 2 AA batteries (sold separately) and includes a keylock.	EA	\$25.68

75 200	Avanti	AVAZR017	FILTER,REPLACEMENT,ZERO	Most conventional carbon filters only filter certain substances from your water. This ZeroWater patented Ion Exchange System filter, with five combined technologies, provides the only filtered water that meets FDA definition for purified bottled water. Stage 1 - Activated carbon infused micron cloth. Stage 2 - Multi-layer system using activated carbon and oxidation reduction alloy. Stage 3 - Distributor that maximized contact. Stage 4 - Comprehensive ion exchange array. Stage 5 - Non-woven membrane to remove fine particles. Filter life is based on water consumption and inlet water quality. Each filter has perforations to help speed the filtering process and avoid potential cases of air lock in the water flow. Filtering your water through these ZeroWater filters improves the healthfulness and taste of your tap water. It also prevents you from throwing plastic water bottles into the trash and clogging up landfills.	PK	\$34.02

75 200	ITW Dymon	ITW9600	TOWEL,SANITZR,RECHG,SERTU N	Developed to be used with a quaternary ammonia sanitizer solution, Sertun Towels are an excellent way to know when you are properly sanitizing any food service surface, such as tables, counters, food prep surfaces and more. They change from yellow to blue when proper quat levels are present in the sanitizing bucket and on the towel so you can have confidence you're sanitizing with just a quick glance. Knowing for sure that the quat sanitizer is working can reduce cross-contamination. With Color-Check technology, the towels turn yellow when the sanitizer has fallen below optimal levels. Once the disposable towel has been saturated with the proper level of quat sanitizer, it changes color from yellow to blue. When the towel does not turn blue in the solution, it's time to change the sanitizer solution.	CT	\$47.30

75 200	Lorell	LLR49319	WRAP-AROUND 16PC, FLOORSVR	Wraparound Floor Savers provide floor protection for chairs with sled bases. Not only do the floor savers protect floor surfaces from scratches and rust stains, but they also dramatically reduce noise and are extremely durable. Apply easily with the peel-and-stick application. Pads stick tight. Wraparound Floor Savers conform to the base rail for a perfect fit, and wings attach to themselves for long-lasting hold. Formed sides and stress-relieving design ensure the pad will stay on. The vinyl wear cushion distributes weight, and the casing allows less wear to the pad and floor. Floor Savers are recommended for most size rails and can be applied directly to rail or over existing glide of a sled-base chair, stackable chair, music stand, bookcase, desk and more. Use on hardwood floors, VCT, vinyl, linoleum, finished concrete and ceramic tile floors.	PK	\$16.47
